Summary

B. Tech with 2 years of experience into Data analytics in PWC Alteryx Designer Core Certification (Alteryx Community) PowerBi Up and running Certification (Udemy

Work Experience

PWC as Data Analyst Aug 2018 to Till Date

PROJECTS:

- 1. Worked on major analytical and automation projects with Alteryx; some of which revolved around analyzing the fixed asset analysis of the clients, making complex calculations on the tool, preparing Alteryx workflows from scratch as a developer. In addition, played the role of a Tester for Alteryx workflows and UiPath bots for multiple projects.
- 2 Currently, a part of a major firm-wide automation initiative (as an Alteryx developer) that relates to reducing total manual hours in Tax processes.
- 3. Participated in a Research-based project in Consulting that worked with tight deadlines and strict client expectations.
- 4. Worked on a number of visualization projects using Tableau & Power BI that involved dealing with KPI data, making complex calculations using DAX from scratch and making use of essential dash boarding features.
- 5. Independently handled client calls and maintained all communication with regards to live projects.
- 6. Successfully maintained stringent and urgent deadlines, working beyond the office hours.
- 7. Gained knowledge on industry tools while working on the live projects.
