International Clearance

Duration: ~ June, 2018 onwards

Description:
International Clearance deals with the shipments/Packages that need to cross the USA/CA Border.
It helps in creating a Manifest that contains the details of Driver, Tractor, Trailer and the Packages which is then submitted to the customs for their approval.
Once the Customs provide the approval, the Driver starts the trip and reaches the border to submit the approval manifest.
Customs verifies the manifest and approve the trip to cross the border.

Projects :

Minor Project
A project on the topic "Movie Success Prediction using data mining"(a website with front end using HTML,CSS,PHP,JAVASCRIPT and back end using Data Mining techniques like Decesion tree and K-means clustering

Major project
A project on "Health Management System" which measured Temperature, Pressure and Heart rate of patient and then classify them as fit or not fit and if they are prone to a heart disease or not. An android app was also made through which user can log into their profile or the can use the website as well.
Skills involved: Data mining, Sql, Android and Web designing
Certifications In Wipro Limited.
