Tata Consultancy Services as Business & Data Analyst - IT
Jul 2018 to Till Date

Hello Everyon ,

Currently I am a business analyst. Let me explain you more about my profile. I am fetching data from Oracle OBIEE / MsSql and analyzing them and preparing bill sheet. Fetching data from different systems and analyzing the data and generating insights from that analysis. I know QlikSense which is a data visualization tool . Using Qliksense , dashboard is prepared. Having handson in Excel work and preparing reports. And having knowledge of Python Language. I am a quick learner and always try to fulfill the expectations.

Thank you,
Udita Bose.
